EDUCATION

Bachelor of Engineering in Artificial Intelligence and Machine Learning Vasireddy Venkatadri Institute of Technology, CGPA: 8.5/10.00	Sept 2023 - May 2027
SSC, Class XII SR Junior College, Guntupalli, Vijayawada, 96.4%	June 2021 - May 2023
SSC, Class X Zion Evangelical Missionary School, Jonnalagadda, Nandigama, 97.1%	June 2020 - April 2021

SKILLS AND INTERESTS

Interests	Generative Artificial Intelligence, Automation, Machine Learning, Software Development, Real-World Problem Solving, Full Stack Development, Cloud Computing and LLM's.
Skills	SQL, C, Java, Python, DSA, Object Oriented Programming(OOP), HTML, CSS, JavaScript, Git, Numpy, Pandas, Flask, OpenCV, Scikit-learn, Machine Learning and Deep Learning.

PROJECTS

Pothole Detection and Severity Prediction Using Deep Learning

- **Technologies Used:** Python, TensorFlow, Keras, OpenCV, CNN, NumPy, Pandas.
- Implemented a real-world pothole detection system using CNNs to automatically identify and classify potholes from road images. Preprocessed images with OpenCV and trained the model on the Indian Pothole Image Dataset. Deployed visual annotation for easy decision-making, supporting municipal authorities in prioritizing repairs and improving road safety.

Group Food Ordering System

- **Technologies Used:** HTML, CSS, Bootstrap, JavaScript, Python, Flask, MySQL.
- Implemented a full-stack web application for group food ordering, enabling users to browse menus, place orders, and manage accounts efficiently. Built a responsive front-end with HTML, CSS, and Bootstrap, and developed server-side logic for scalability and smooth user experience across devices.

RGB Color Detector

- **Technologies Used:** Python, OpenCV, NumPy, HSV Color Space.
- Implemented a real-time system to detect and highlight the most prominent color from webcam input using Python and OpenCV.

CERTIFICATIONS

• Gen AI (L4G)	(Nov 2024)
• Object Oriented Programming through Java (CodeTantra)	(Dec 2024)
• Generative AI Professional (Oracle University)	(Oct 2025)
• Oracle SQL Explorer Badge (Oracle)	(Nov 2025)
• Career Edge-Young Professional (TCS)	(June 2025)
• Java Completion Certificate (CodeChef)	(Feb 2026)

ACHIEVEMENTS

- Participated in **TCS CodeVita** programming contests, solved algorithmic problems under competitive coding constraints.
- Actively competed in **CodeChef** contests including **Starters**, **Developer Challenges**, and **Monday Munch DSA Challenges**.
- Solved multiple **difficulty-rated algorithmic problems** across various levels, strengthening problem-solving, data structures, and logical reasoning skills.
