Summary

B.Tech student specializing in Artificial Intelligence and Machine Learning with strong interest in Data Analytics. Proficient in Python, SQL, and data analysis techniques including data cleaning, exploratory data analysis (EDA), and data visualization. Experienced in building real-world projects and deriving actionable insights from data. Seeking a Data Analytics Internship to apply analytical and problem-solving skills in a data-driven environment.

Education

Vasireddy Venkatadri Institute of Technology, Nambur
B.Tech in Artificial Intelligence and Machine Learning

Sep 2023 – May 2027

- CGPA: 8.75

Vijaya Junior College
Intermediate (MPC)

Jul 2020 – Mar 2022

- Marks: 940 / 1000

ZP High School, Srikakulam
Secondary School Certificate (SSC)

Jun 2019 – Mar 2020

- Marks: 586 / 600

Skills

- **Programming:** Python, Java
- **Database:** SQL
- **Data Analysis:** Data Cleaning, EDA, Data Manipulation
- **Libraries:** Pandas, NumPy
- **Visualization:** Matplotlib, Seaborn, MS Excel (Pivot Tables, Charts)
- **Tools:** MS Excel, MS Word
- **Web:** HTML, CSS
- **Soft Skills:** Analytical Thinking, Problem-Solving, Communication, Team Collaboration

Projects

AI Chatbot using Gemini API

- Developed an AI-powered chatbot using Gemini API to process and respond to user queries with high accuracy.
- Designed efficient input processing and response generation logic to handle multiple user interactions.
- Improved conversational performance and reduced response latency through optimized API usage.
- Tools Used: Python, Gemini API

Agrisense – Smart Farming Assistant

- Built a machine learning-based application to provide crop recommendations, weather insights, and government scheme information.
- Performed data analysis on agricultural datasets to generate actionable insights for farmers.
- Implemented data-driven decision support to improve farming efficiency and crop selection.
- Tools Used: Python, HTML, CSS

Community Health Service and Scheme Awareness

- Developed a mobile application to increase awareness of healthcare services and government schemes.
- Enhanced accessibility of critical information through user-friendly design and structured data presentation.
- Tools Used: Dart

Relevant Coursework

Data Structures, Database Management Systems, Machine Learning, Statistics, Data Analytics

Certifications

- Python Programming – Codetantra (Sep 2024)
- Object Oriented Programming Through Java – Codetantra (Nov 2024)
- Generative AI – Google Cloud Skills (Nov 2024)
- Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate – Oracle (Oct 2025)
- Introduction to Large Language Models – NPTEL (Oct 2025)

Languages Known

Telugu (Native)
English (Professional)
Hindi (Intermediate)
